

#	I	EMPLOYMENT (to include Family Member/Military Spouse)
1	Q. What placement assistance is available?	A. The primary placement assistance is the PPP, or Priority Placement Program. In addition, the CPOC will continue to search for a job offer, or a better job offer, during the RIF notice period.
2	Q. Where can I look for jobs on my own?	A. The Employment section of the CPOL (Civilian Personnel On Line) website provides access to the Army Vacancy Announcements. You can search for jobs worldwide at this web site. To apply for these positions, you must have an active resume on file with the Army's Centralized Resume Processing Center. With an active resume on file, you can simply self-nominate during the announcement open period for those positions for which you feel you are interested and qualified. Additionally, the Office of Personnel Management's USA Jobs website lists vacancy announcements for all Federal agencies (to include Army).
3	Q. If I lose my job, will the Army pay for my move to a job in another community?	A. Family member employees on non-temporary appointments will be registered in the Priority Placement Program for overseas activities within the commuting area of the sponsor's overseas duty location which will prevent the need for relocation.
4	Q. I'm a military spouse and will be relocating with my spouse/sponsor to the United States; will I receive special consideration for jobs?	A. As a military spouse, you may register in the Priority Placement Program up to 30 days prior to the sponsor's reporting date; or, you may register upon arrival to the new duty location. Registration for employment will be for locations within the commuting area of the sponsor's duty station.
5	Q. What agency is putting together a proposed TDA to go into effect after the transformation is complete? Who provides input? What premises is the input based on? Will the proposed / draft TDA be published / made available to the civilian workforce before it is approved?	(Answer Pending)
6	Q. If I heard you correctly during the Town Hall Meeting --- you are tracking each of the Corps positions. Having said that, what are you tracking for the transition of my position to UR/7A? I was told that the position is in the Training Branch of the Exercises and Training Division (MCP) but I have nothing that confirms that. If I'm in an enduring position, do you have any idea when the move to UR will take place?	(Answer Pending)

7	Q. Do you have any insight on the extension process? What is the process? How do I request an extension if my position is enduring OR how do I request one if it's not enduring; i.e. not transferring to UR7A?	A. When a DoD employee separates or transfers to another Military Department or Defense agency (i.e., from Army to Navy or from Navy to Air Force), unused compensatory time balances shall be paid at the overtime rate at which it was earned. Employees who change positions but remain within the same Military Department or Defense Agency (i.e., Army to Army or Navy to Navy) will have their compensatory time balance transferred with them.
8	Q: From the LN side of the house: I am occupying a grandfathered position. If there's a need for bumping, will I bump in my grand-fathered grade?	A: Transformation is to be accomplished by integration and all are working on RIF avoidance to the maximum extent possible. But to answer the question: bumping always occurs horizontally - in the grade you hold (in your situation a grandfathered grade).
9	Q: From the US side of the house: Does the comp time I have earned in V Corps transfer with me to USAREUR when I'm integrated into USAREUR?	A: Yes, it does.
